Regulatory Compliance

Governmental Affairs

One step ahead with

LARI by Aunetic

Stay ahead of the curve in today's dynamic political arena & **experience the future of regulatory & political intelligence** with our **automated monitoring**.

- » Ensure you are not missing out on relevant regulatory & political changes
- » Assess & act on these changes directly in our platform to stay compliant
- » Keep track of compliance measures within the organisation

LARI by Aunetic

- » **Automated monitoring** of all political, regulatory, and legal developments with our customizable, interactive dashboards for overview and tracking.
- » **AI supported identification of risks** and required actions, assignment of responsibilities and deadline management within our unified platform.
- » **Automatically updated and generated reports** which can be shared, ensuring transparency.

"With Aunetic, we reduce the risk of missing a relevant regulatory change, as Aunetic Regulatory Compliance bundles all the sources that are important for us on one platform!

This enables us to identify and implement changes easily and quickly. Furthermore, we stay up to date on political business, consultations, court rulings, legislation or even government orders."

Regulatory and Compliance Manager, SAK
